The FDR of science fiction (a.k.a. Mr. Monopoly)
Mr. CD-Reformism
Mr. Bill camp
Herr Technology Fascism

super talked about the formation of neighborhood associations and tech elites.

neighborhood between gentlemen's clubs and tech nerds.

neighborhood associations
intersection
metro
New york

the new ~~intersection~~ alliance of gentlemen's clubs and the tech nerd elite. Neighborhood associations,

serenpidity

~~[redacted]~~
~~Manifestos~~
Tech manifestos and fascist nerds ("the fat, uncool kids who liked space"). FDR was witty... "From the ISS to the SS". As an exclusivity he introduced the words "Manifest serenpidity".
